

# OUR PROJECTS

## A WATER KIOSK AT SCHOOL

This is a school-based and students-managed business designed to sell clean tap water to community residents at an affordable price; a sustainable business model that pre-finances a community school in order to set up an on-site water kiosk with specially designed and sustainable products.

## PUBLIC WATER FOUNTAIN

The Public Water Fountain project aims to install sustainable tap water stations near playgrounds, city centers, parks, schools, and bus stations in Africa which ensure accessible clean drinking tap water. The project also works to bring awareness on the environmental impact of production and waste of single-use plastic water bottles.

## JIJENGE KIJANA FUND

The Jijenge Kijana fund is a youth livelihood pathway offering micro-credit and micro-saving training enabling ITF members to engage in productive and stable livelihoods to generate increased income to lift them out of poverty.

## ERASMUS+ PARTNERSHIPS

ITF operates capacity-building projects that gather global partnerships with the aim of tackling youth unemployment by bridging the educational sector and labor market enabling young people to undergo work-based learning. These projects are co-financed by The Erasmus plus programme of the European Union.

## ABOUT US

The International Transformation Foundation (ITF) is a youth-led, non-profit organization that provides youth leadership and entrepreneurship programs to harness creativity in the youth and provide a system that provides jobs to ensure security, opportunities to grow and contributes to the development of communities.

## OUR MISSION

ITF aims at providing the most effective educational and self development programs to the youth and to the community at large.

## OUR VISION

To offer the best programs that ensure an empowered youth and developed communities.

## HISTORY

Initially started in December 2009, ITF was registered in Kenya on August 25, 2010 as an international youth-led non-profit organization with its operations based in Nairobi. In March 2018, ITF was registered in Rwanda, paving the way for ITF's second base of operations in Muhanga District, Southern Province. More recently, in 2022, ITF expanded its operations and opened an office in Texas, USA.
